# Alliteration Alley

game pieces

# Alliteration Alley

©2005 Education Inspired

For grades 2-3; Groups of 2-4

How to Play:

1. Remove the title, instructions, and answer key. Place one game piece beside START for each player. Place the game cards beside the board.

2. Taking turns, players turn over a card and read it. The player whose turn it is completes the sentence using alliteration. All the words in the sentence must start with the same letter.

©2004 Education Inspired

3. The player may move one space for each word added to the sentence on the card. For example, if the card reads "Brown bears," and the player says "Brown bears bite birds," the player may move 2 spaces (one for "bite" and one for "birds").

4. Return cards to the bottom of the stack after each use.

5. The first player to reach FINISH wins the game.
