

Clue Cards Numbers

©2011 Education Inspired

For grades 2-3; Individually, with a partner, or share the cards in a small group

Materials Needed:

Clue Cards

Wipe-off board and marker or paper and pencil

How to Construct:

1. Cut out each individual cards.
2. Stack the cards on top of each other. Place the answer key down first. Place the longest card on top of the answer card, with the tops aligned. Place the next longest card on top of the longest card with the tops aligned. Continue until all the cards are stacked.
3. Either staple the cards or bind the top with a comb binding machine.

How to Play:

Determine the mystery number by reading the clues.

1. Read the first clue and think about what might be the mystery number. Write down what numbers you think might be the mystery number.
2. Read the second clue and think about what might be the mystery number. Make changes to the numbers you think might be the mystery number.
3. Continue reading the clues and figuring out the mystery number, until you read the last clue.
4. Write down one final number that you think is the mystery number.
5. Check your answer with the last card.

Clue Cards Numbers
