

# First Pick Sequencing

©2005 Education Inspired

Groups of 6, Grades 2-4  
How to Play:  
1. Remove the rules and answer key. Deal out all the cards, 6 to a player. For each number less than six in the group, remove one complete set of cards.  
2. Decide what set you want to collect. When everyone is ready, the dealer says "First Pick".

3. Each player trades the number of cards needed to collect one complete set by saying, "I need four" or however many is needed. The other players will say, "I'll pick four," or offer a different deal.  
4. The first player to collect one set and put them in order says, "It's a deal!"

## Answer Key

There are 6 sets.

A- 3, 13, 14, 20, 28, 35
