

Four Square Map

©2011 Education Inspired

Purpose: To critically consider word definitions and relate new words to previously known words

Materials: copies of the four square graphic organizer, pencils

Procedure:

- Select a new vocabulary word for study.
- Pass out one four square map to each student.
- Students complete each section of the four square map, making connections from the new vocabulary word to previously known words.
- Students can share their four square maps with a partner or a group of students.

* Do this strategy before reading the text in order to increase understanding during reading.

Name and Date:

Four-Square Vocabulary Map

Word	What are some examples?
What is it?	What are some nonexamples?
