

GUESS THE DRAWING

©2014 Education Inspired

1 person picks a card without looking at the words. That person reads the category out loud and then draws the word on the card. (Words in parentheses are hints or ideas to draw.) Do not use gestures. Do not talk. The rest of the kids have 1 minute to guess what is being drawn.

Take turns selecting who gets to draw.

*If the person does not know the word and cannot draw it, the person may select someone else to draw the word, but cannot tell others the word.
