

Hunt for the Truth

1. Explain that the Bible has 66 books. Each book has chapters and verses (point to examples).
2. Have a child pick a Scripture card from a bag without looking and read the card out loud.
3. Everyone find the verse. (Help those who need it.) The 1st person to find it can lead the group in reading it out loud together. Everyone discuss what it means. Leave that card out.
4. Repeat steps 2-3, taking turns picking cards as time allows or until all the verses have been read.
