Pick up a card and place it face up where all students can see it. All players find the answer and mark it, but do not say the answer out loud. Put the cards used in a new pile.

Take turns turning over cards until someone covers four in a row. Then the group must check the cards and the answers covered to make sure the correct answers are marked. If they are, that player wins the game.

mountain	landform	valley	plateau
barrier island	canyon	earthquake	flood
plain	weathering	erosion	glacier
volcano	wind	water	ice

For grades 3-5; Groups of 2-6

Place the cards in the middle of the group. Pick up a card and read the question out loud. All players find the answer on their own papers and mark it, but don't say the answer out loud. Put the cards that have been read in a new pile. Take turns reading cards until someone covers four squares in a row. Then the group must check the cards and the words covered to make sure the correct answers are marked. If they are, that player wins the game.

Answer Key

1-volcano	5-erosion
2-wind or water	6-flood
3-earthquake	7-valley
4-wind or water	8-glacier
