Jake likes to sit by the lake and fish. He has a fishing pole. He casts the fishing line into the lake with the fishing pole. He holds the fishing pole and waits. When a fish bites the fishing line in the lake, Jake can feel it on his fishing pole. Jake reels the fishing line in to get the fish. Jake likes to go fishing when he catches fish. He does not have fun if he does not catch fish. If he does not catch any fish, Jake will quit fishing.

If Jake is not in the lake swimming or tossing a ball, or by the lake fishing, he likes to ride in a boat. His mom or dad drives the boat. Jake sits on the side of the boat and looks at the waves in the water. Jake likes to feel the water splash him when it hits the side of the boat.
