This is Puff. She is my cat.

She is lost. I will look for her.

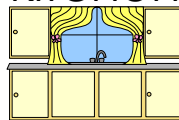

2

Where did she go?

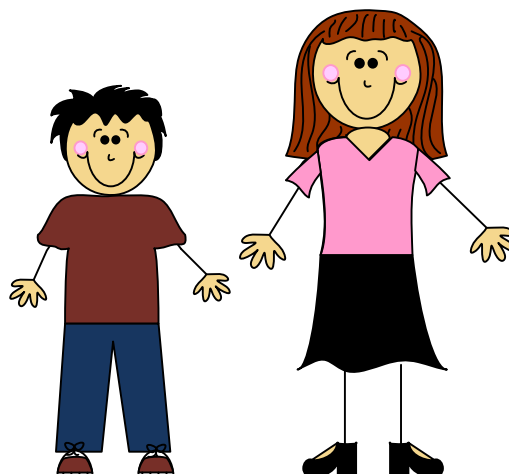

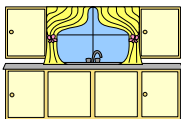

Mom said, "Did you look in the kitchen?"

"No," I said. "I will look in the kitchen."

Is Puff in the kitchen?

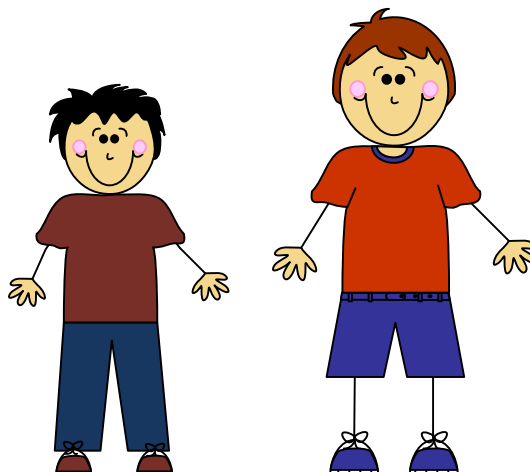

3

Dad said, "Is she in the tub? Did you look in the tub?"

"No," I said. "I did not look in the tub. I will go and look."

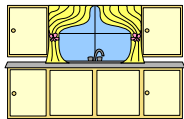

Is Puff in the tub?

5

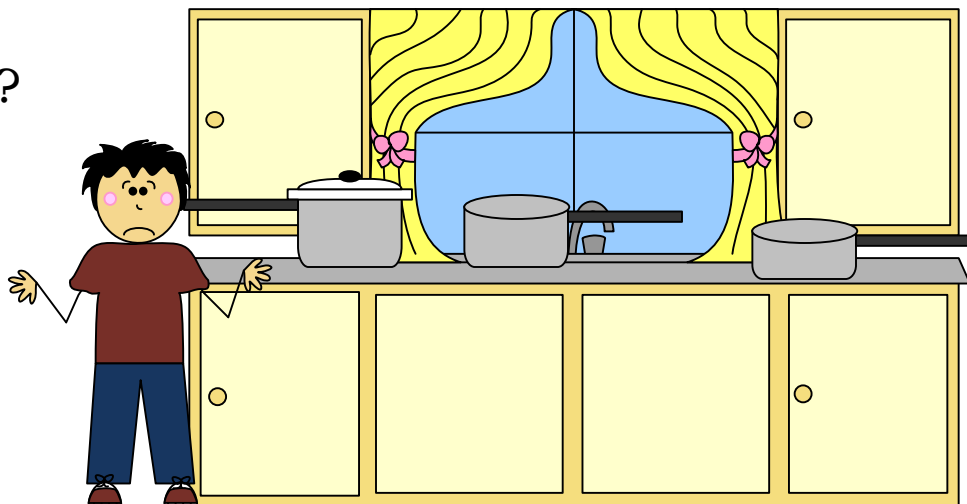

I see pots and pans. But, I do not see Puff.

She is not in the kitchen.

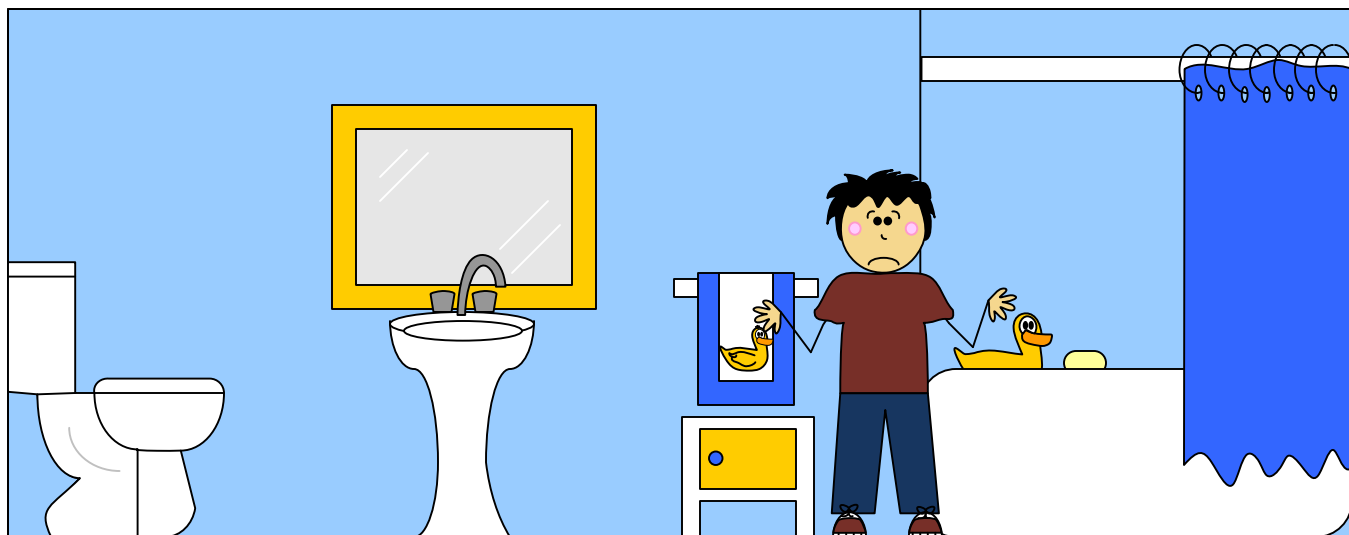

She is not in here.

Where is she?

4

No. Puff is not in the tub.

A duck is in the tub. A lot of fun stuff is in the tub!

But, Puff is not in the tub.

6

Mom said, "Is Puff in the toy box? She likes to nap in

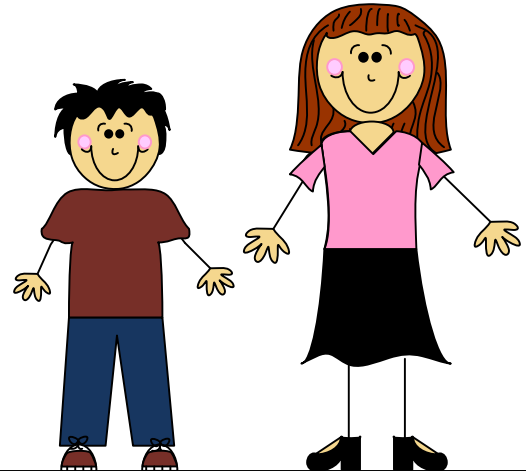

the toy box."

"I will look in the toy box," I said. "I will see if Puff is in it."

Is Puff in the toy box?

Dad said, "Did you look for her on the stairs? Puff likes

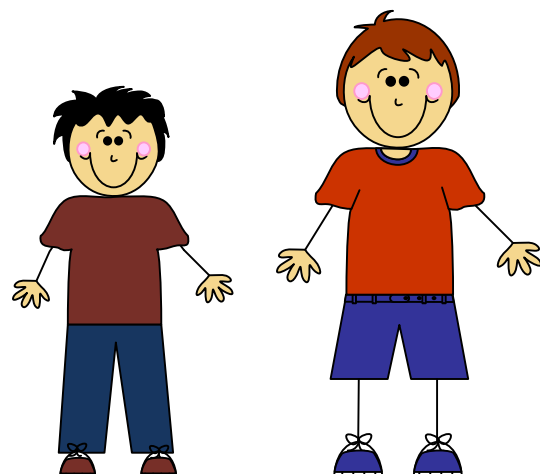

to jump and play on the stairs."

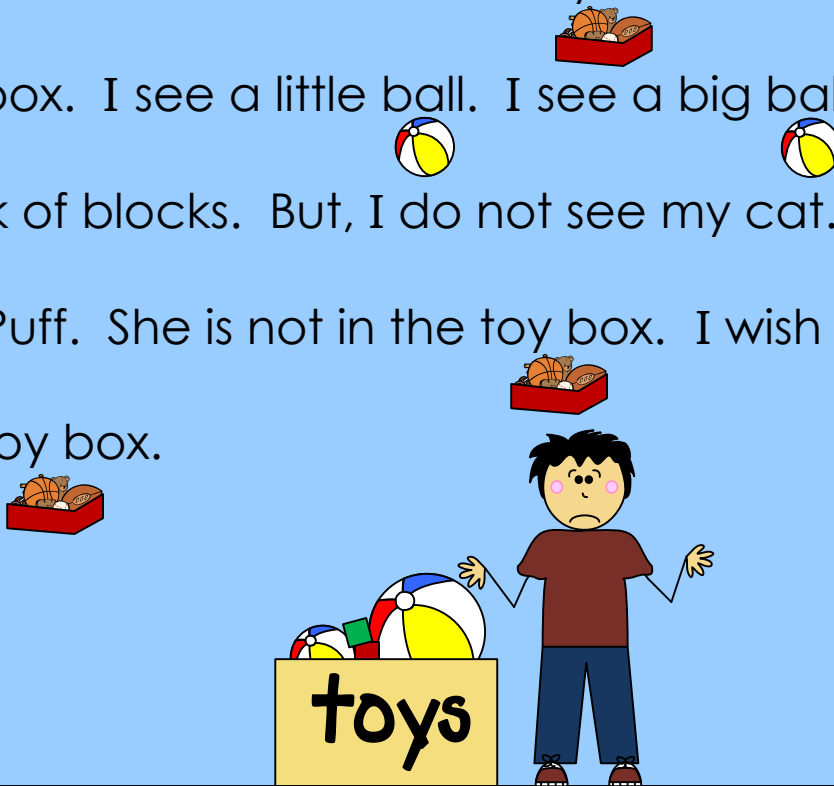

"I will look on the stairs," I said. "I will be very happy if she is on the stairs."

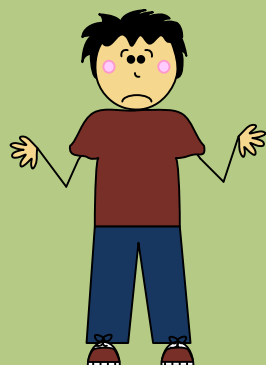

Is Puff on the stairs?

I see a lot of fun stuff in the toy box. I see a jack in
the box. I see a little ball. I see a big ball. I see a
stack of blocks. But, I do not see my cat. I do not
see Puff. She is not in the toy box. I wish she was in
the toy box.

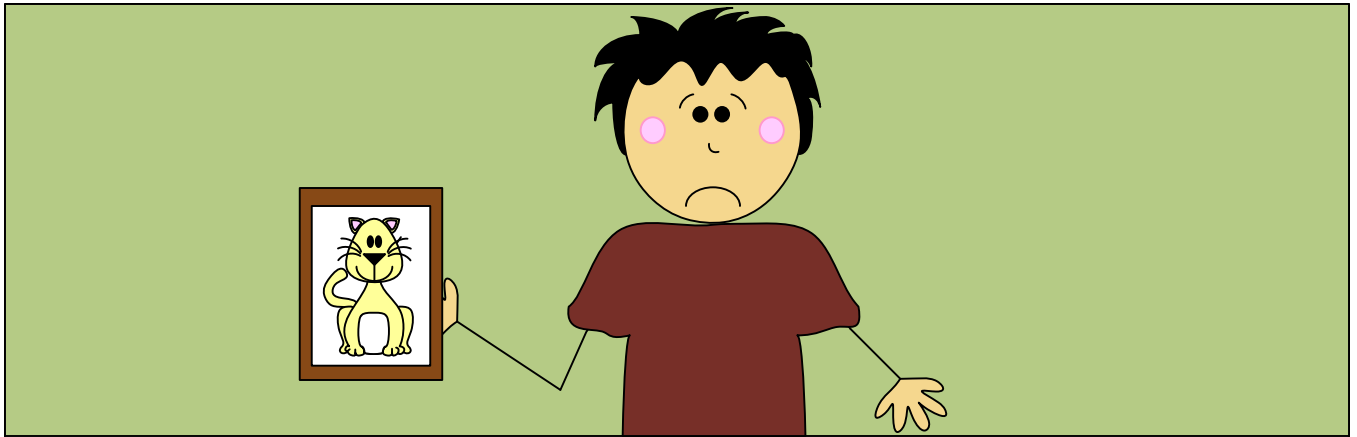

8

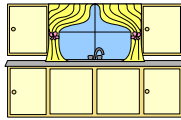

“Puff is not on the stairs, Dad!” I said. “She is still lost. I
want to play with my cat. Where is she?”

10

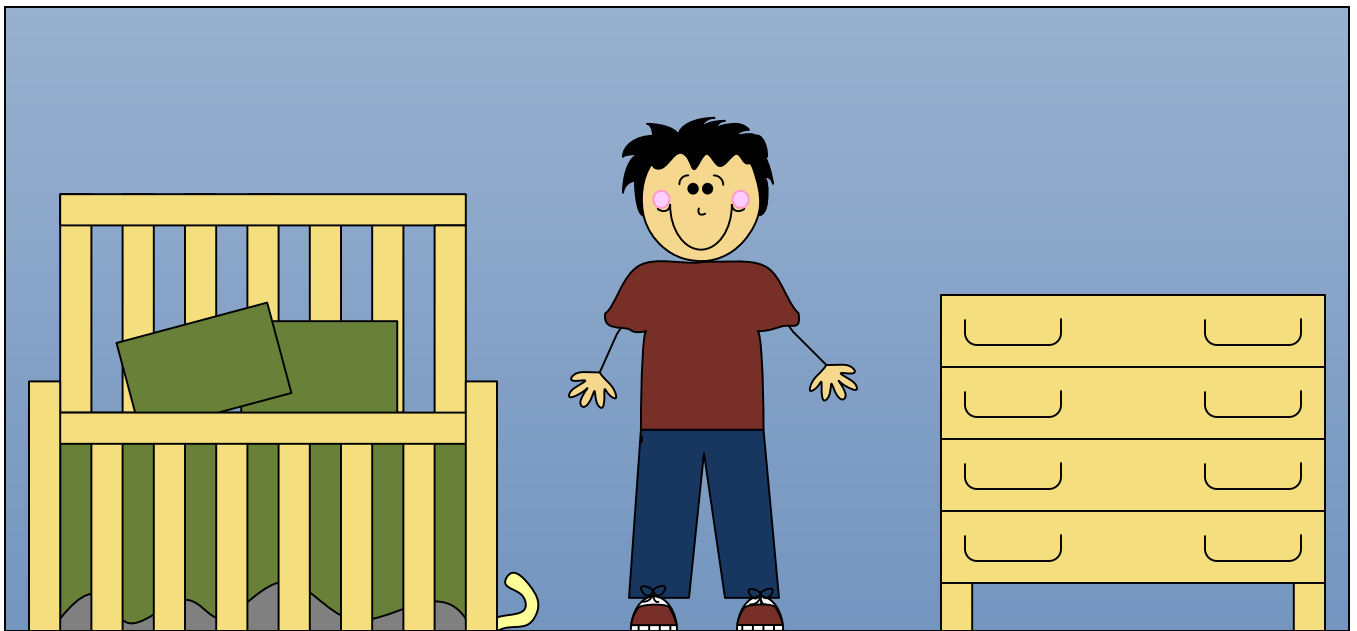

She was not in the kitchen. She was not in the tub. She

was not on the stairs. Where did she go? Will she come

back? I miss Puff!

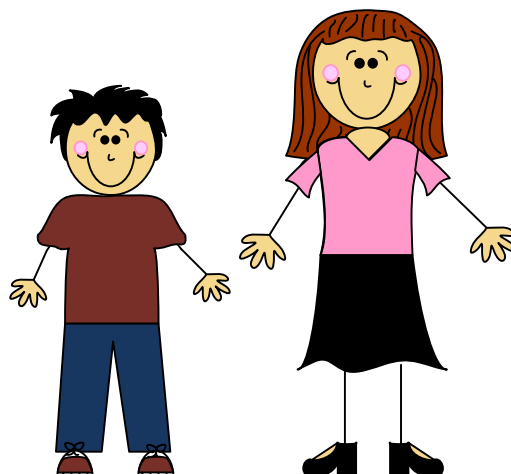

Here she is! Here she is! I am very happy.

She is not lost. She is here.

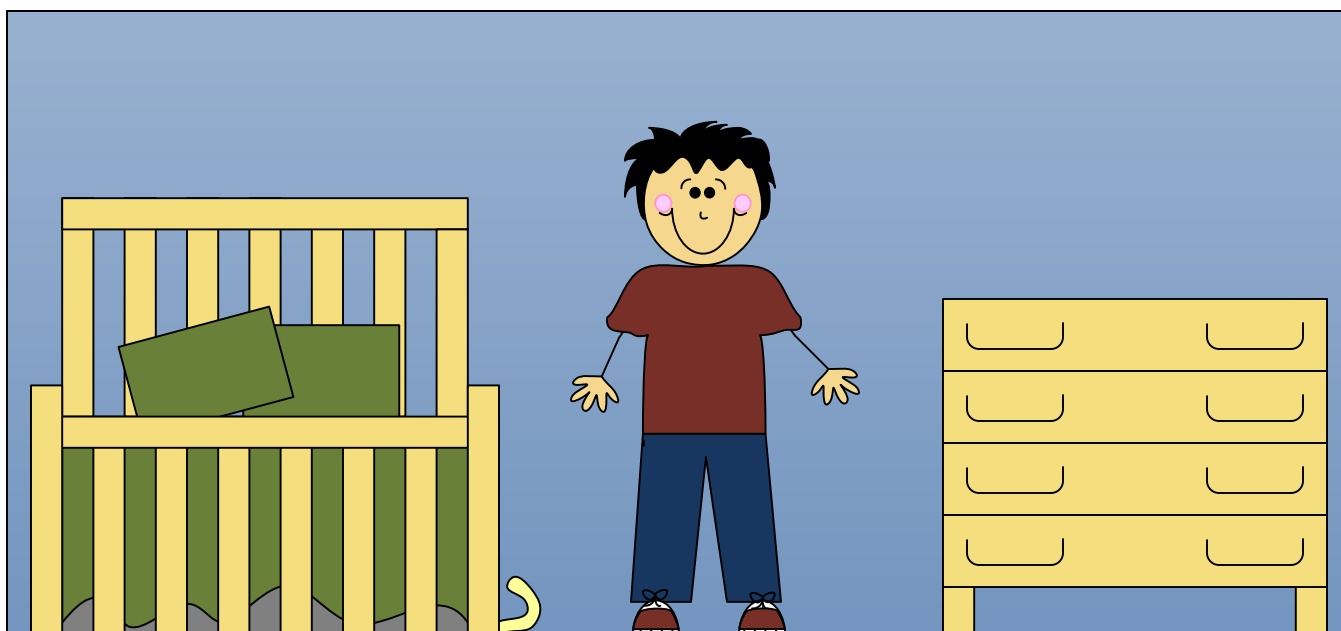

Mom said, "Go and look on the bed.

She likes to nap on the big, soft bed."

"I will look for her on the bed. She likes it on my bed."

12

"Shh!" I said. "Mom and Dad! Come and look! Here

she is. Look!"

14

"Look at that!" Mom said. "Puff had kittens!"

"I want to see," said Dad. "I want to look at the kittens."

"Come here and look," said Mom.

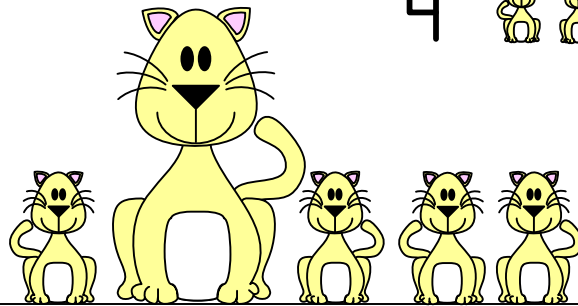

"I see the kittens," said Dad. "I see four kittens."

4

"This is fun!" I said.
